Linear Bike Rack

When Functionality Matters

Each bike has equal access to the rack. Locking the bike frame and front wheel with a U-lock is easy. With the bikes held apart there is little interference between handlebars and petals.

Material

2" OD X 0.120 Wall

- Steel Tube (standard)
- 304 Stainless Satin #4 finish

Mounting Configurations

- IG-Inground (approx 12" in concrete)
- SM-Surface Mount

Finish Options

- BH-Powder Coat Black Hammer, TGIC Polyester, Sandblasted and primer
- GV-Hot Dipped Galvanized, post fabrication
- XX-Powder Coat other color
- SS-Satin #4 finish (304 Stainless only)

Dimensions are reference only. Stainless version dimensions vary slightly. Use actual units for core hole dimensions

	Model #	# of Bikes	Length (approx)
	<input type="checkbox"/> Linear-BR4	4	48"
	<input type="checkbox"/> Linear-BR6	6	84"
	<input type="checkbox"/> Linear-BR8	8	120"
